Journal of the Entomological Society of British Columbia

Volume 89 Issued December 1992 ISSN #0071-0733

Directors of the Entomological Society of British Columbia, 1992–93 2

Blacker, N.C. Some ants (Hymenoptera: Formicidae) from Southern Vancouver Island, British Columbia 3

Lindgren, B. Staffan. Attraction of Douglas-fir beetle, spruce beetle and a bark beetle predator (Coleoptera: Scolytidae and Cleridae) to enantiomers of frontalin 13

Cossentine, J.E. and L.B. Jensen. Establishment of *Phyllonorycter mespilella* (Hübner) (Lepidoptera:Gracillariidae) and its parasitoid, *Pnigalio flavipes* (Hymenoptera:Eulophidae), in fruit orchards in the Okanagan and Similkameen Valleys of British Columbia 18

Toba, H.H. and J.D. Campbell. Wireworm (Coleoptera: Elateridae) survey in wheat-growing areas of northcentral and northeastern Oregon 25

Baird, Craig R., Keith W. Dorschner, and Carolyn J. Nyberg. Biology of the black vine weevil *Otiorhynchus sulcatus* on hop in Idaho (Coleoptera: Curculionidae) 31

Scudder, G.G.E. The distribution and life cycle of *Reduvius personatus* (L.) (Hemiptera: Reduviidae) in Canada 38

McIntosh, R.L. and J.A. McLean. A life stage development index for *Trypodendron lineatum* (Oliv.) in a spruce boom on the Alberni Canal, Vancouver Island 43

Lam, Desmond K.W., and John A. McLean. Seasonal abundance and distribution of ambrosia beetles on the North Arm of the Fraser River, British Columbia 48

W.R. Jacobi. Potential insect vectors of the black stain root disease pathogen on Southern Vancouver Island 54

Suomi, Daniel A. and Roger D. Akre. Distribution of economically important, wood-infesting anobiid beetles in the Pacific Northwest 57

Suomi, Daniel A. and Roger D. Akre. Characteristics of structures attacked by the wood-infesting beetle, *Hemicoelus gibbicollis* (Coleoptera: Anobiidae) 63
